**LOCKED OUT OF HER OFFICE**

“We pride ourselves on our service when we sell our products to our clients and it is great to deal with a like minded company who pride themselves on the same values as us. I have great pleasure in recommending Timber Products as a freight carrier for LTL, and TL shipment services. They're a tremendous help with their high regard for professionalism, need to meet our expectations, continual versatility, and constantly striving to improve their customer service. Candy Lauk has a high standard of integrity, has proven to provide exceptional rates, and her team of workers provides outstanding service to their customers. I look forward to a very long and thriving relationship with Timber Products and would recommend their service highly.”

## UPDATES

1. WE HAVE HAD SCRAP LEFT FROM PAPER LOADS IN WITH OUR SAWDUST. THIS CANNOT CONTINUE TO HAPPEN. DRIVERS WILL NO LONGER HAUL SAWDUST IF THIS BECOMES A REOCCURRING PROBLEM!
2. We will no longer be hauling dust out of Lecher in Batesville, IN Please remove these directions.
3. Thank You to Kristy Hegner for donating an oven for the office. Hopefully we can make cookies soon!

### WEATHER WATCH

#### Fog

- Turn headlights on low beam
- Fog decreases visibility so drive slow and watch your following distance

#### Wind

- Watch for objects blowing across the roadways
- Keep both hands on the steering wheel with a firm grip.
- Be cautious when pulling a trailer. The wind may push and tug at the trailer making driving difficult.
- Be cautious when opening trailer doors in high winds. The wind can easily whip the doors open hurting you.
